

COVID19 Policy: Positive Case / Symptom Response FLCCH Community

For the safety of our FLCCH family and guests, we have created these policies and procedures to manage spread during the COVID-19 pandemic. All policies subject to change due to recommendations by MDH.

FLCCH has adapted precautionary policies as follows:

- Screening
- Cleaning
- Small Groups
- Weddings
- Funerals
- Phasing Reopening Plan

In the event an individual does not pass screening the following protocol will be followed:

- The individual will be recommended to obtain COVID testing
- If the individual refuses testing, they will not be allowed into FLCCH facilities / events for 14 days &/or 7 days from last symptom (whichever is longer).
- Individual will be requested to inform the church office of results for contact tracing to occur.

In the event of a positive COVID test result of a person who attended FLCCH event:

- Report the case to church office ASAP.
- Individual confidentiality will be honored as much as possible.
- Leadership will conduct an initial inquiry of others exposed (in the building at the same time that spent more than 15 minutes, without mask, or within 6 feet of individual).
- Those that were in contact with individual will be asked to quarantine for 14 days.
- The church building (not the school) will be closed for 24 hours to ensure a thorough cleaning of infected areas occurs prior to staff or guest entrance (School will follow their protocol).
- If the infected person(s) have been a part of food ministry, and they had direct contact with others, our food distribution would be halted for 2 weeks. See communication below.

Status Changes at FLCCH

- If more than 1 positive case is found – all events may temporarily be suspended for 14 days.

Communication

- If more than 1 positive case is found – the FLCCH community will be alerted regarding the status changes and suspension of events for 14 days via email distribution, website, and phone message.
- The church and school will communicate with each other as these occur.
- If our food distribution programs have been exposed or impacted, our website and phone message will be updated with messaging:
 - “Due to a positive COVID19 case, our food distribution program will be suspended for 14 days to ensure the safety of all our volunteers & participants. We will resume on [date].”

Staff have identified Top 5 areas that would require back up and this is compiled for coverage.
